

Lend your voice to suicide prevention in your Northern NSW community

We are looking for people with a **lived experience of suicide**, who live in the Tweed Heads and Northern NSW region, to participate in a co-design of an Alternative to Emergency Department.

There are a few ways you can contribute. You can either attend all of the focus meetings, or you could provide written feedback after having watched a webinar and filled out an online survey. Get in touch to find out more about the various ways you can contribute.

We need your voice, insight and wisdom to help suicide prevention in Northern NSW.
