

OUR VOICE IN ACTION

Lend your voice to suicide prevention in your community

Many people within our communities have a lived experience of suicide, be that through having experienced suicidal thoughts; survived a suicide attempt; cared for someone through suicidal crisis; or being bereaved through suicide.

An opportunity now exists for those with a lived experience of suicide, to participate in a lived experience designed and delivered, capacity building online workshop facilitated by Roses in the Ocean.

Your voice, insight, and wisdom is critically important to guide suicide prevention activities in your chosen area of focus - be that your local community, region or organisation.

'Our Voice in Action' is a workshop for people with a lived experience of suicide who are ready and keen to explore opportunities to be involved in suicide prevention activities. It is for people who believe they are ready to use their lived experience to help others and inform future direction for suicide prevention.

For more information about the Our Voice in Action Lived Experience workshop, view the [Workshop Outline](#).

When considering this opportunity, please read '[Readiness to be involved in suicide prevention](#)' to support you to make an informed decision.
